 **Moisture Wicking** fabric draws moisture away from your skin transferring it to the outer surface keeping you cool, dry and comfortable.

 **Soil Release** finish provides for easy care with recommended soil treatment. The release allows stains to be removed more easily during laundering.

 **Wrinkle Resistant** fabric is treated to resist wrinkles and the garment holds its shape with multiple washes.

 **UV Protected** means more fun, less sun. The dry-mesh fabrics block harmful UV rays with up to a UPF 50 factor.

 **Natural Stretch/Comfort Stretch** fabric is engineered to provide natural stretch, flexibility and comfort.

 **Home Launder/Machine Washable** is a product designed to be washed in small-batch, mild temperature conditions typical of home machine washers. The garment is designed to last 30–50 wash cycles or more.

STYLES THAT WORK

 **Industrial Launder** is a product designed to withstand the large-batch wash/dry/press and high temperature conditions prevalent in industrial and commercial laundries. The garment is designed to last 50+ wash cycles. Bleach and other chemicals are generally not recommended. Customers should test product before using it in environments with chemicals and/or very high temperatures before deciding to use.

 **Tuff-Tested[®]** garments have passed testing in the field to last week after week in any light work environment. To achieve this resilience, the right fabrics, trims and finishes are selected to enhance the life of the garment. These garments are designed to last 50+ wash cycles and to withstand the large-batch wash/dry/press and high temperature conditions of industrial laundry.

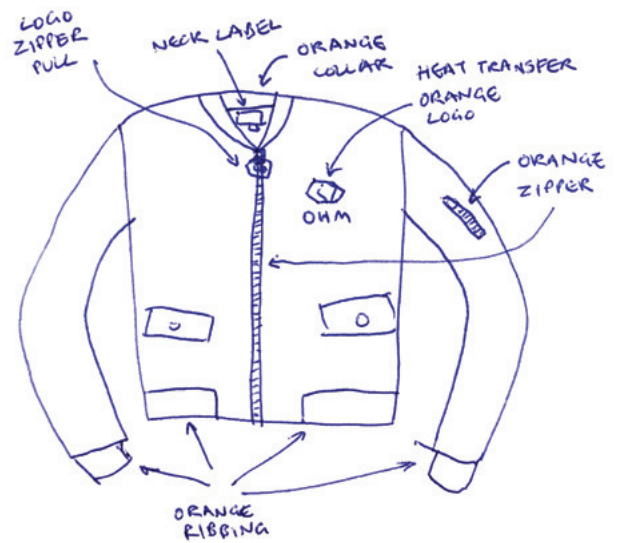

10 KEY QUESTIONS

1. Is there an existing program today? If so, is there a contract? When does it expire?
2. What are the pain points the end user is experiencing?
3. Who is involved in the decision making process?
4. What is the expected annual volume?
5. How many wearers are there? How many men? How many women?
6. What are the job titles/responsibilities of the employees?
7. Do you plan to have the employees home launder their uniforms?
8. Is the program company paid or employee paid? Will the company purchase any or all of the required uniform garments?
9. Will this program require online ordering? Customized reporting?
10. When is the estimated launch date?

WHEN WE SAY CUSTOM, WE MEAN CUSTOM.

Garments made-to-order. Custom fabrics.
Custom colors. Custom decorations.
Complete control over the entire process,
start to finish. We get it right.

Send us your ideas. We'll do the rest.
